## NOTE

Ci riserviamo di sostituire o modificare in qualsiasi momento gli articoli evidenziati in questo catalogo sostituendoli con altri di caratteristiche e prestazioni analoghe. Per poter garantire il buon funzionamento dei prodotti illustrati, è assolutamente necessario che l'attività di assemblaggio sul veicolo, venga svolta da un operatore specializzato che possa garantire la corretta applicazione del prodotto.

Domino e Tommaselli non rispondono di eventuali conseguenze derivanti da un non corretto assemblaggio del prodotto, in modo particolare laddove detta attività non sia certificata da un operatore specializzato.

La lunghezza delle manopole indicate nel presente catalogo si riferisce all'oggetto non assemblato sul manubrio. La stessa può variare con una tolleranza di  $\pm 2$  mm.

Tutte le illustrazioni e le descrizioni tecniche riportate nel presente catalogo devono intendersi indicative. Per ogni e qualunque chiarimento od approfondimento potrete rivolgervi al nostro ufficio tecnico.

I colori riportati nelle tabelle potranno subire variazioni e potranno essere del pari sostituiti con altri pur di gradazioni diverse. Rammentiamo che alcuni articoli sono protetti da brevetto ornamentale o di utilità: per tale ragione l'utilizzatore è diffidato dal porre in essere attività di contraffazione che sarà perseguibile a termine di legge.

## AVVERTENZE

I prodotti evidenziati in questo catalogo possono essere utilizzati per un uso normale del prodotto e del mezzo al quale vengono assemblati. Domino e Tommaselli non assumono alcuna responsabilità per il malfunzionamento o difettosità che possano evidenziare i prodotti di cui al catalogo, laddove gli stessi siano utilizzati in modo non corretto o assemblati tramite operatori non specializzati o a tal fine autorizzati, o comunque laddove si concretizzi un uso non normale, estremo, od in condizioni diverse da quelle della normale fruibilità. Il nostro ufficio tecnico è a disposizione per ogni e qualunque approfondimento o consiglio, sia per quanto riguarda l'attività di assemblaggio del pezzo, sia per i necessari accorgimenti da adottare in caso di un uso particolare o diverso dal normale dei prodotti. Domino e Tommaselli non hanno alcun collegamento con i marchi di case fabbricanti di moto, scooter, ciclomotori o con i loro distributori pur indicati nel catalogo. Domino e Tommaselli non saranno responsabili per danni diretti, indiretti o di carattere punitivo, o per ogni perdita, costo o spesa, che per qualsivoglia ragione, direttamente o indirettamente, possa essere sopportata dall'utilizzatore del prodotto, laddove le conseguenze di cui sopra siano imputabili a negligenza o colpa per quanto attiene la scelta del prodotto, il suo assemblaggio e l'uso. In ogni caso la responsabilità di Domino sarà limitata al valore del pezzo o, in alternativa, a discrezione di Domino, alla sua sostituzione.

Per ogni ulteriore informazioni riguardante i termini e le condizioni di vendita del prodotto, anche per quanto attiene garanzia e responsabilità di Domino e Tommaselli, vorrete fare riferimento alle condizioni generali di fornitura riportate nel nostro sito: [HYPERLINK "http://www.domino-group.com"](http://www.domino-group.com) [www.domino-group.com](http://www.domino-group.com) e [HYPERLINK "http://www.tommaselli.com"](http://www.tommaselli.com) [www.tommaselli.com](http://www.tommaselli.com), i cui termini si intenderanno accettati dal momento della consegna del prodotto da voi ordinato.

Tutti i diritti riservati. Nessuna parte di questo catalogo può essere riprodotta o utilizzata in alcuna forma o con qualsiasi mezzo, elettronico o meccanico, compresa la fotocopiatura, la registrazione o qualunque altro sistema per archiviare o trattenere delle informazioni senza il permesso scritto della DOMINO S.p.A. e della TOMMASELLI S.r.l.

## ISTRUZIONI DI MONTAGGIO

È consigliato l'uso di guanti protettivi durante le fasi di montaggio. Non disperdere nell'ambiente i prodotti: vecchie manopole, confezioni, materiali utilizzati per il montaggio. Rispetta l'ambiente per contribuire a salvaguardare la natura e a migliorare la tua stessa vita.

Pulire accuratamente il manubrio e il tubo del comando gas con alcool (dopo aver tolto le vecchie manopole). Non utilizzare solventi, lubrificanti o lacche per il montaggio delle nuove manopole. Potrebbero danneggiarsi o perdere le proprie caratteristiche tecniche.

Applicare un filo di alcool sulla superficie esterna dell'estremità sinistra del manubrio per il tratto interessato dalla manopola e all'interno della manopola sinistra (il quale diametro interno è più piccolo: è di circa 20 mm.).

Spingere e ruotare la manopola sull'estremità sinistra del manubrio, assicurandosi che la manopola sia completamente montata. Verificarne la corretta posizione, nel caso vi fossero specifici riferimenti estetici.

Ripetere le stesse operazioni per la manopola lato destro del tubo gas di circa 24 mm di diametro.

Prima dell'utilizzo accertarsi che le manopole siano adeguatamente ben salde e fissate al manubrio. Nell'uso agonistico, dove la manopola sia provvista di sedi specifiche, applicare filo metallico di serraggio per ulteriore sicurezza.

In caso di urti o colpi accidentali, verificare l'integrità e la funzionalità dei singoli componenti e nel caso, sostituire completamente le manopole.

In caso di eventuali dubbi rivolgersi al Vostro Rivenditore di fiducia e...buon lavoro!

## NOTES

We reserve the right to replace or modify at any time the items shown in this catalogue with others having similar performance and features.

For the good working of the shown products, it is absolutely necessary that the assembly on the vehicle is carried out by a qualified operator to assure the right product application.

Domino and Tommaselli are not responsible for any consequence arisen from an incorrect product assembly, in particular where this activity is not certified by a skilled operator.

The grips length specified in this catalogue refers to the grips non-assembled on the handlebar. It can change with a tolerance of  $\pm 2$  mm.

All pictures and technical descriptions included in this catalogue are provided just for information. For any further explanations, you can apply to our Technical Department.

The colours specified in this catalogue can be changed and replaced with others having also different shades.

Some items are patented. Therefore, Domino and Tommaselli warn the end user against reproducing them in order to avoid the company taking legal actions.

## NOTICE

The products shown in this catalogue can be used for a normal application of the product itself or the vehicle on which they are assembled. Domino and Tommaselli are not responsible for the malfunctioning or the defects of the products included in this catalogue, where these products are wrongly used or assembled by unskilled or unqualified operators or in any case the product is used in an uncommon or extreme way or under conditions different from the normal use. Our Technical Department is at your disposal for any further explanation or advice either for all the activities related to the product assembly or for all the tricks necessary for a special or unusual use of the products. Domino and Tommaselli have no kind of association with the brands of the manufacturers or distributors of motorcycles, mopeds and scooter even if mentioned in this catalogue.

Domino and Tommaselli are not responsible for any direct, indirect or punitive damages or further loss, cost and expenses, which for whatever reason, directly or indirectly, can be borne by the product end user, where the above mentioned consequences are the result of malpractice or fault in the product choice, assembly or use. In any case, Domino and Tommaselli responsibility is limited to the value of the product or, as an alternative, at Domino and Tommaselli discretion, to its replacement.

For any further information related to the product sale terms and conditions, also for what Domino and Tommaselli warranty and liability are concerned, you can refer to the general supply conditions specified on our website [HYPERLINK "hiip://www.domino-group.com"](http://www.domino-group.com) [www.domino-group.com](http://www.domino-group.com) and [HYPERLINK "hiip://www.tommaselli"](http://www.tommaselli.com) [www.tommaselli.com](http://www.tommaselli.com), whose terms are considered as accepted once the ordered product is delivered.

All rights reserved. No part of this catalogue can be reproduced or used in any form or by any means, electronic or mechanical, including photocopying, recording or by any system to file or keep information without DOMINO S.p.A. and TOMMASELLI S.r.l. written permission.

## ASSEMBLY INSTRUCTIONS

It is advisable to wear gloves during assembly operations. Do not leave in the environment products like old grips, packaging boxes and any material used for assembly.

Take the old grips off and clean carefully the handlebar and throttle control tube with alcohol. During assembling do not use solvents, lubricants or lacquers that could damage the new grips or their technical features.

Apply a drizzle of alcohol on the outside surface of the handlebar left end along the left grip area as well as inside the grip itself (the inside diameter is smaller: about 20 mm).

Push and turn the grip on the handlebar left end. Make sure that the grip is fully assembled and in the right position according to the aesthetic requirements.

Repeat the same operations for assembling the right grip on the throttle tube with about 24 mm diameter.

Before using the grips, make sure that they are secure and fixed on the handlebar. For competition, to ensure further safety, the grip is provided with a special seating for fitting a fastening metallic wire.

In case of crashes or accidental strokes, check the wholeness and functionality of the grips and, if necessary, replace them.

In case of any doubt, please contact your dealer and...have a good time!
